Structured Decisions and Decision Frameworks

Individual Assignment # 2

There are many decision frameworks that can help determine the best option for an organization. For this assignment, each team member will research a different decision framework. As a team, your goal will be to review these and decide on the best option for your project.

Expected deliverable:

A 1–2-page written document, 1.5 spacing that includes the following:

Framework Overview (200-300 words)

1. What is the framework?
2. How does it work?
3. When is it typically used?

Application (100-200 words)

1. What criteria or inputs would be needed?
2. Who would participate within the organization?

Analysis of the Framework (100-200 words)

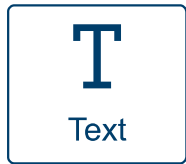

What is the strength of the framework, and what is the limitation?

Provide at least 2 APA-style references

Grading Criteria

Evaluation Criteria (Rubric)

Criteria	Excellent (5)	Competent (3)	Developing (1)	Weight
The framework and its use	The framework is clearly identified, accurately interpreted, and the application is explained	The framework and application are identified with minor gaps	The framework and application are unclear or misinterpreted	50%
Decision Criteria	Criteria or inputs are clearly identified, and the purpose is linked to the desired outcomes	Criteria or inputs are relevant but somewhat generic	Criteria or inputs are unclear or unrelated	20%
Application of Course Concepts	Strong, explicit use of Coster's frameworks and terminology	Some application of course concepts	Limited or incorrect application	20%
Clarity & Professionalism	Clear structure, strong writing, professional presentation	Generally clear, minor issues	Disorganized or unclear	10%
